

Adding Flashcards to Anki

Slovenian Language Class 2020

Slovenian Language Class Open Anki Program

1. Is the Deck you want to add flashcards to included in the list of Decks?

If not, click the [Create Deck] button at the bottom of the screen and proceed by naming the new Deck.

2. After adding the new Deck – or – if the Deck already exists, click the [Add] button at the top of screen.

3. Select the correct 'Type' - in this case the correct type is
"TCS Language – Words"

4. Select the Deck you want the word to appear in.

5. Fill in the blanks. All the blanks accept regular text except "Pronunciation" and "Picture". These two fields require linking to a audio or image file. Slovenian Language Class
