

As many of you are aware, we recently transitioned to a new Website platform through the heroic efforts of a volunteer with Slovenian heritage, Suzanne Boben! Without her, we would not be able to offer new modern ways to engage with the Twin Cities Slovenians community. Special thanks also goes to Rich Samec for recruiting Suzanne's help.

New Ways to Engage!

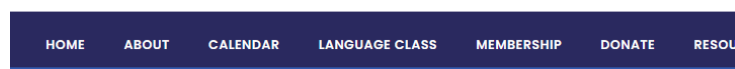

If you choose to create an online account with TCS, you can submit:

- ▶ **Annual Donations** – information retained for easy renewal and updates of your information, payment made with either PayPal or credit card
- ▶ **Blog Articles for the Website** – our editor will review for relevant content and post
- ▶ **Photos for our Annual Calendar**

Traditional registration forms will still be available on paper at our membership meetings and by downloading from our website.

For either method, go to:

<https://twincitiesslovenians.org/membership/registration/>

Registration

Registration begins September 1 for the next calendar year. Registrations prior to September 1 are for the current calendar year.

We have some new ways to register and/or donate to TCS! Please take the time to understand the registration and payment options by clicking on each option below for further details. Then, choose the option you prefer.

- ▶ [Register by Mail – Donate by Check](#)
- ▶ [Register and Donate Online – Create Account \(New!\)](#)

NOTE: for reasons unknown, a payment can get rejected. Should you receive notification that this happened, your information is still retained and you can either go to our Donation form to try again with the same card or a different card. Alternatively, you can mail a check per the address on the TCS Annual Donation form. This is still new to us!
